

Wisconsin Council on Developmental Disabilities

The Wisconsin Council on Developmental Disabilities (WCDD) works to make Wisconsin a better place for people with developmental disabilities. WCDD plans and advocates for the supports people need and want in order to live, learn, work, and participate as members of the community.

FINAL PUBLIC HEARINGS ON FY 1995-97 STATE PLAN FOR DEVELOPMENTAL DISABILITIES

WCDD is asking for comments on projects and activities selected and identified for its three-year State Plan that begins on October 1, 1994. As a person with developmental disabilities, a family member, a service provider, an advocate, a friend, or a community member, you are invited to comment on the proposed framework and activities for this Plan.

Public hearings were held in the Spring to obtain ideas and suggestions for project decisions. Your feedback is now requested on the projects that have been selected by the Council.

WCDD will hold four public hearings around the state. You are welcome to attend the one that is most convenient for you. If you are unable to attend, you may send written comments postmarked by **September 15, 1994**.
